

Information for Prospective Models:

Firstly, the Model must be 18 years of age or over.

An interview is required before booking a photographic session. Exceptions can be made however we definitely prefer to interview the Model before booking a photographic session.

The Model must not bring along any family / partner politics. (Sort out any issues before applying).

Experience is an advantage but not a necessity.

- Model needs to bring / supply
- | Photo ID (drivers license / passport etc)
 - | Bank account details
 - | IRD number

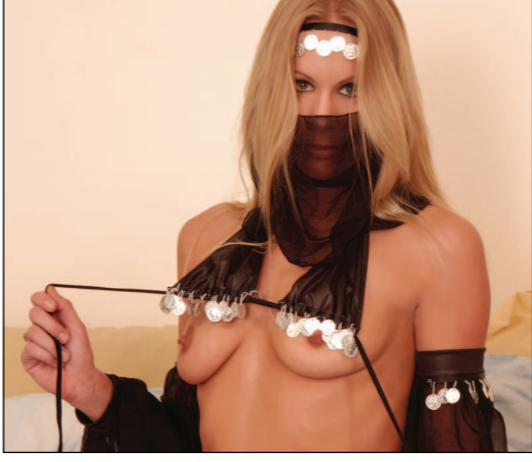

NZX is a hardcore magazine. The minimum requirement in regards to explicit content for NZX is fully naked with legs open and close up genital detail. Vaginal lip spreads and finger or toy insertion is common.

We try, where possible, to photograph the Model within 7 days of the interview.

- A photography session takes approx ½ day.
- | 1 – 1½ hrs for makeup.
 - | 1½ hrs for photography (give or take 30 min)
 - | Plus travel time

- On the day of the photoshoot we require the Model to arrive:
- | Wearing no makeup
 - | With dry hair
 - | With manicured nails

The Model is required to fill in a 'Model Release' form prior to the commencement of the photography session; usually before or during the makeup session. Model Releases are a legal requirement for the publication of the photography. They assign the legal ownership of and copyright in all

NZX - New Zealand Sex Magazine

photographs taken to Eden Digital Limited.

The Model cannot invite family or friends to the photo session.

We encourage the Model to bring any clothing / shoes she may wish to wear – on the morning of the shoot we may also pick extras from our model stock. (The 'fashion' aspect of the shoot is low priority because most of the shoot is naked and only 1-2 clothed / semi-clothed images are used in the photo spread).

During a photography session we shoot approx 300-400 images and typically publish approx 13-17 images in the magazine. All images used in the magazine photo spread are photo-retouched for optimum quality but images used on www.nzxmag.co.nz are not retouched. During the photoshoot we may also be shooting behind-the-scenes stills and video footage.

There are two types of placement for photo-spreads used in the magazine. They are 'Cover' & 'Content'. All shoots are initially treated as content shoots and paid for accordingly. Once we have selected the content shoots for an issue we choose the 'best' for cover and centrefold. The model selected for cover may then be paid an additional amount for cover.

Please note that all payments made to models are subject to 20% withholding tax as required by the IRD. These are deducted prior to payment being made so you will need to supply your IRD Number at or before your shoot.

Part of the criteria for cover placement is the Model's availability to take part in the 'Fox of the Year' competition if required. This competition is an opportunity for the public to 'Vote' by TXT for their favourite Covergirl for that year. The competition is usually finalised on the Sunday evening of the Auckland Erotica Lifestyles Expo and the model must be available to work (with pay) at the Expo for the weekend and be part of the 'Boobs on Bikes' event, usually held on the Wednesday before the Expo.

The winner will also need to be available for the 'Fox of the Year' photo session. This usually takes place 2-6 weeks after the Expo.

Payment for shoots is usually made by direct credit to the Model's account and this generally happens two-four weeks after the photo are first published.

Note:
 NZX is currently sold in New Zealand and Australia with other international sales on the increase.
